Tool and technologies - JS,PHP, CSS, JQuery

Responsibility : Added the role based login system which connects LDAP accounts of college users.

Data Compression Using Huffman Algorithm

Jan 2019 - Mar 2019

Tool and technologies - C

Responsibility : Developed an application to compress the file using huffman algorithm.

---

## SKILLS

---

Programming languages

- C
- C++
- Java
- Python
- Data Structure
- Web development

Databases

- SQL

Note : Given a time period of one week can be prepared for any language if required for the project.

---

## CERTIFICATIONS

---

- ★ AWS Fundamentals : Going Cloud-Native
- ★ Introduction to Data Science in Python
- ★ Version Control with Git
- ★ Web Application Technologies and Django

---

## ACHIEVEMENTS AND AWARDS

---

- ★ Got Scholarship in 7th and NTSE in 8th .
- ★ Overall first in College at 11th std.
- ★ Top ranker at 12th board

---

## EXTRA CURRICULAR ACTIVITIES.

---

- ★ Web Head at MindSpark'18
- ★ Coordinator of Zest'17
- ★ Volunteer of Smart India Hackathon'18

---

## HOBBIES

---

- ★ Playing cricket, Chess.
- ★ Listening Music
